care

Love to Learn

## What problem are we solving?

**Europe will face a shortage of 4.1 million nursing staff (WHO) by 2030**

- Recruitment of young people from third countries
  - Different language levels and learning cultures in nursing schools
  - Shortage of nursing educators
- > Overburdening of nursing schools and the training system

# Team

**Petra Rahn**

**Sara Kukovec**  
Co-Founder

## **Our solution**

Lingocare creates a new learning infrastructure – personalised, data-based and didactically sound.

### **1. Adaptive learning paths:**

individual language, subject and learning patterns

## **2. High-quality educational content:**

Quality-assured content prepared using methodological and didactic approaches

### **3. Networked learning ecosystem:**

Learning progress,  
competence profiles  
certification status

# Digitally controlled learning in the classroom
